### SKILLS

- Frontend Web Development
- HTML & CSS
- Javascript
- React Framework
- UI/UX
- Python, C++

### LANGUAGES

- English (Fluent)
- Hindi (Fluent)

### PROFILE

Hey, I am Piyush and I am currently in 2nd year of my bachelor's in Computer Science degree. I have experience in frontend web development and creating websites using my expertise in React and UI/UX principles. I am still learning a lot, including backend development and data science and machine learning. I have extensive knowledge in programming languages such as Python and C++. My best strength is my ability communicate effectively.

### WORK EXPERIENCE

#### Sipinor - School Admin Dashboard

MARCH 2024

Frontend Development Lead

- Created a website for a school admin dashboard while I was working for Sipinor - a software solutions startup in Jaipur.
- Using my skills in react, I created a responsive and functional website which includes the admin panel for complete administration of a school.

#### Portfolio Website - GFX Artist

JANUARY 2024

Design & Development Lead

- Created a website for a motion graphics designer and video editor based in Pune, India.
- Created a complete portfolio website showcasing projects, work experience and skills of the artist.

#### AI Based Self Checkout Application

2023 - 2024

AI Model & Frontend Lead

- Created a self checkout application which allows consumers to self checkout by utilising AI based product recognition and checking out using the web app itself.
- Trained and deployed model in the web app and created the frontend web application.
- Mentored by Dr. Vijayshri Khedkar, CS faculty at SIT, Pune
